You can personalize
a button by utilizing a
standard "Sharpie" marker.
For best legibility we suggest
"write-on" areas to be white or light colored.

A WORKING AREA - Recommend that all art
and copy stay within this area.

B FACE OF BUTTON - Art should not touch
this area of the button unless it is bleeding
off the edge.

C DIECUT/BLEED LINE - All art that
bleeds/wraps must extend to this line. This line
must print for accurate cutting.

D TAGLINE - Typesetting will be done on the
curl in the bleed area by Express-A-Button to
insure proper location.

**If you are unsure of the layout please
call Customer Service.**
